SOCIAL CLUB

— ABOVE SAIGON —

The original Gentlemen's clubs were established in the St James's area of the west end of London. And they've not just stood the test of time; they've charmed it.

A traditional gentlemen's club, is a private social club originally set up by and for British upper-class men in the 18th century, and popularised by English upper middle-class men and women in the late 19th century.

Many countries outside the United Kingdom have prominent gentlemen's clubs including Vietnam. However, when the idea arrived in Saigon in 2015 the club was named as "Social Club Saigon".
